This Release addresses the following issues:

This release note describes the changes made in the HF1-000 patch for the BASSnet Control of Work App 1.0 released on 7 November 2023.

Recent Changes

❑ [CR 14971] The App is now available on iOS 11 or higher and can be downloaded from the App Store.

❑ [CR 14964] The App now uses the OneSignal notification service to automatically send permit-related notifications from the App to the device. This service is compatible with both Android and iOS devices and will enable users to receive notifications instantly without having to launch the App to view the notification.
