Recent Changes

Fixes

1. Procurement

- ☐ [82380] Resolved an issue where the system was unable to send RFQ attachments to ShipServ when the documents were added on the **Requisition** screen – **Documents** tab using the **Connect** option from the Vessel site and then replicated to the Office site.
- ☐ [82401] Added support for Thai characters when importing quotation via SupplierLink. This resolved an issue where Thai characters in supplier quotations appeared as '???' when imported via SupplierLink.
- ☐ [82442] Resolved an issue where the system automatically reactivated transactions that were on hold even though the ACTIVEONHOLD configuration was disabled.
