#### 1. SAFIR

- [82728] Resolved an issue where no approval notification was displayed on the **My Approval** screen when more than 1 approval level is registered in the **Approval Setup** for the same user.
- [82828] Resolved an issue where **Changing Approval Level** under the **Approval Tracking** tab in a SAFIR Report was causing incorrect approval behavior due to the system using the approval level set in the **Approval Setup – User** tab instead of the approval level set in the **Approval Setup – Vessel** tab for the specific vessel.
