Enhancements (CRs)

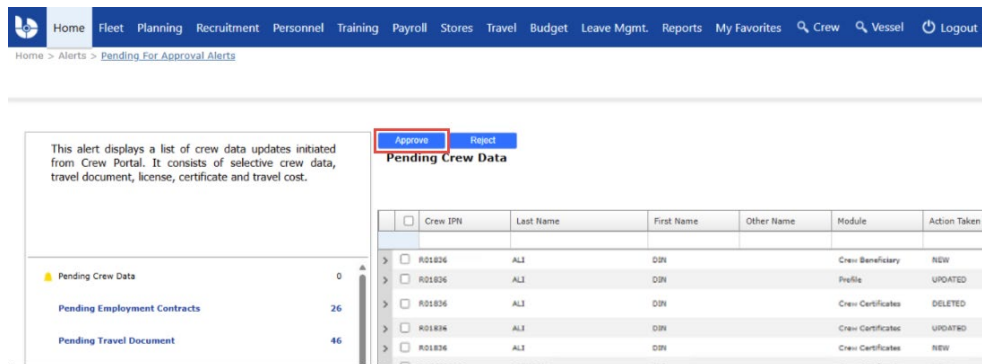

1. Home & Administration

- ❑ [CR 15822] Email notifications will now be disabled for crew members with the status '**INACTIVE**' based on their employment inactivation date recorded in the system.

This update prevents the system from sending automatic emails to crew members that are no longer employed in the company.

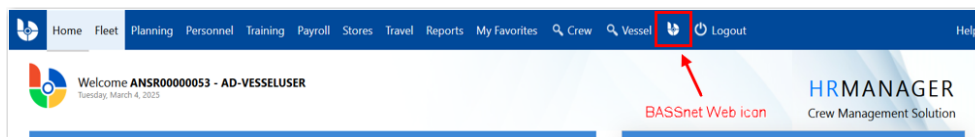

- ❑ [CR 15992] A new system configuration **CPUPDATEAPPROVAL** is now available where, if enabled, any updates made in BASSnet Crew Portal will require approval from office users in the **Pending Crew Data** alert before the updates take effect in both HR Manager and the Portal.

In addition, when the configuration is enabled, the **Validate** button in the **Pending Crew Data** alert will change to **Approve**.

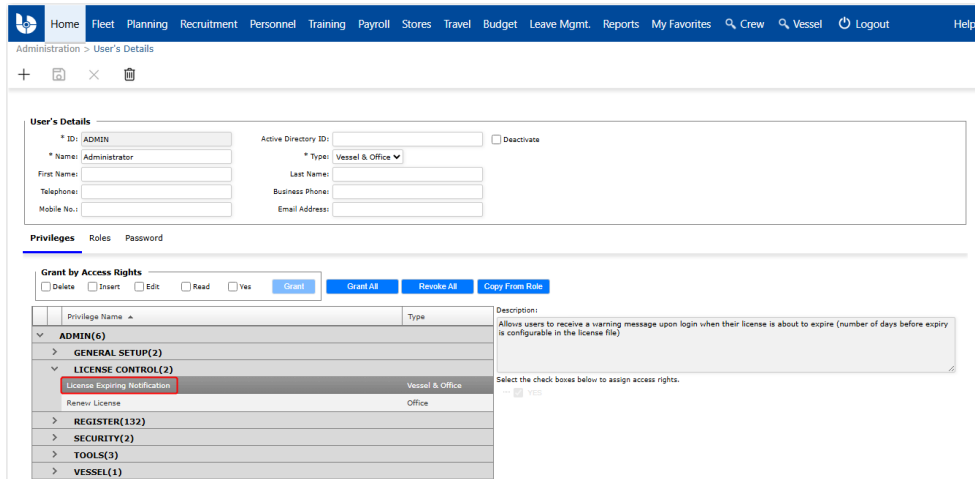

Note: This configuration is **disabled** by default. Customers who wish to enable this configuration must validate/reject all existing Pending Crew Data records first before applying this configuration. Additionally, at least six months of data purging must be performed to prevent crew updates from accumulating and to maintain system efficiency.

- ❑ [CR 15974] For Office and Vessel users who have the **BNWEB** license enabled, the menu bar at the top now includes a clickable BASSnet Web icon, allowing users to easily access BASSnet Web directly from HR Manager.

- ❑ [CR 15915] A new privilege named **License Expiring Notification** has been added under the **Admin – License Control** category to allow users/roles that are granted this access right to receive a warning message upon logging in when the HR Manager license is about to expire.

Note: The number of days before expiry is configurable in the **Warning Period** field in **BASSnet License Utilities**.

2. Personnel

- ❑ [CR 15570] The system now supports management of crew members that hold a higher license than the rank they are currently sailing in with the new 'license capacity' logic.

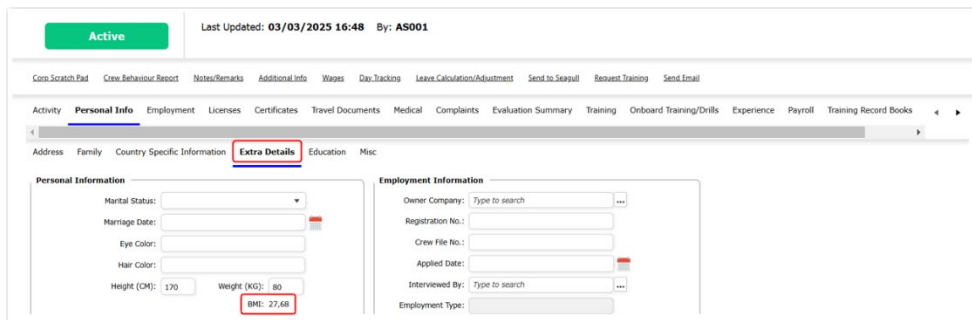

As part of this enhancement, a new **Capacity** column has been added under the **Activity** tab on the crew profile. The column will display the highest license capacity for sailing activities if the crew member holds a higher license than their current rank.

- ❑ [CR 15956] The wage calculation for Filipino crew members has been updated to comply with Republic Act No. 12021 (Magna Carta of Filipino Seafarers), ensuring that the *mandatory allotment is at least 80% of Basic Salary + Fixed/Guaranteed OT*.

As part of this enhancement, the **Allotment Entitlement Setting** under the **Payroll – Beneficiary – Allotment Mode** sub tab will now include the wage combination of **Basic Pay + Fixed OT Month**.

This option allows the crew wages to be calculated accordingly based on this new ruling.

Note: This update also includes adjustments to the Philippines government contribution calculations due to the changes in the wage components.

4. Reports

- ❑ [CR 15986] The following updates have been made in the Template Manager to enhance functionality and formatting consistency of the **Contract of Employment (COE)** report:
 - Added the following three new fields under **Seafarer's details**: **Activity Rank**, **Crew Activity (Start Date to End Date)**, and **Manning Agent Phone Number**

Seafarer's details:

Name:	<<PROFILE_LAST_NAME>> <<PROFILE_FIRST_NAME>> <<PROFILE_OTHER_NAME>>
Home Address:	<<PROFILE_ADDRESS>>
Date of birth:	<<PROFILE_DATE_OF_BIRTH>>
Activity Rank:	<<ACTIVITY_RANK_CODE>>
Crew Activity:	<<ACTIVITY_START_DATE>> to <<ACTIVITY_END_DATE>>
Manning Agent Phone Number:	<<MANNING_COMPANY_PHONE>>
Place of birth:	<<PROFILE_BIRTH_PLACE>>
Nationality:	<<PROFILE_NATIONALITY>>
Passport No:	<<PROFILE_PASSPORT_NO>>
Seaman book No:	<<PROFILE_SEAMAN_BOOK_NO>>
Crew IPN No:	<<PROFILE_CREW_IPN>>

- Added formatting for **DOCVARIABLE** fields to ensure the fields have the same font type and size. The font type and size specified will be applied to DOCVARIABLE fields in the following tables: **Next of kin details**, **Allotment details**, and **Cost Element details**.

Use the following DOCVARIABLE "FONT" property to standardize the font type and size. In this example, it has been set to Times New Roman, 12.

`{DOCVARIABLE "FONT" "Times New Roman" "12"}`

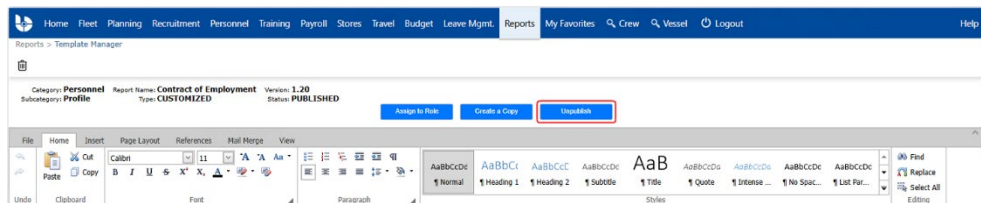

Add any font type and size to standardize the fields accordingly. When the COE report is published, the fields will apply the font type and size specified.

Cost Element details:

Cost Element	Currency	Amount
FIXED OVERTIME (NEW--OFF)	SINGAPORE DOLLAR	250.00
GMDSS ALLOWANCE	SINGAPORE DOLLAR	100.00
LEAVE PAY	SINGAPORE DOLLAR	575.00
PERFORMANCE BONUS (NEW)	SINGAPORE DOLLAR	150.00
PENSION FUND (NEW)	SINGAPORE DOLLAR	157.00
EXCESS OVERTIME RATE	SINGAPORE DOLLAR	50.00

- Added a new '**Unpublish**' function to improve template management. Published templates can now be unpublished and reverted to 'DRAFT' status, allowing users to make necessary edits before republishing the template again.

The system will retain the version history of the template that is unpublished and republished, but only the latest changes made to that version will be recorded.

- ❑ [CR 15898] A new **Crew Race & Religion** report has been added under the **Crewing** category. This report lists the ethnicity and religious affiliations of crew members for demographic tracking and reporting purposes.

Fixes

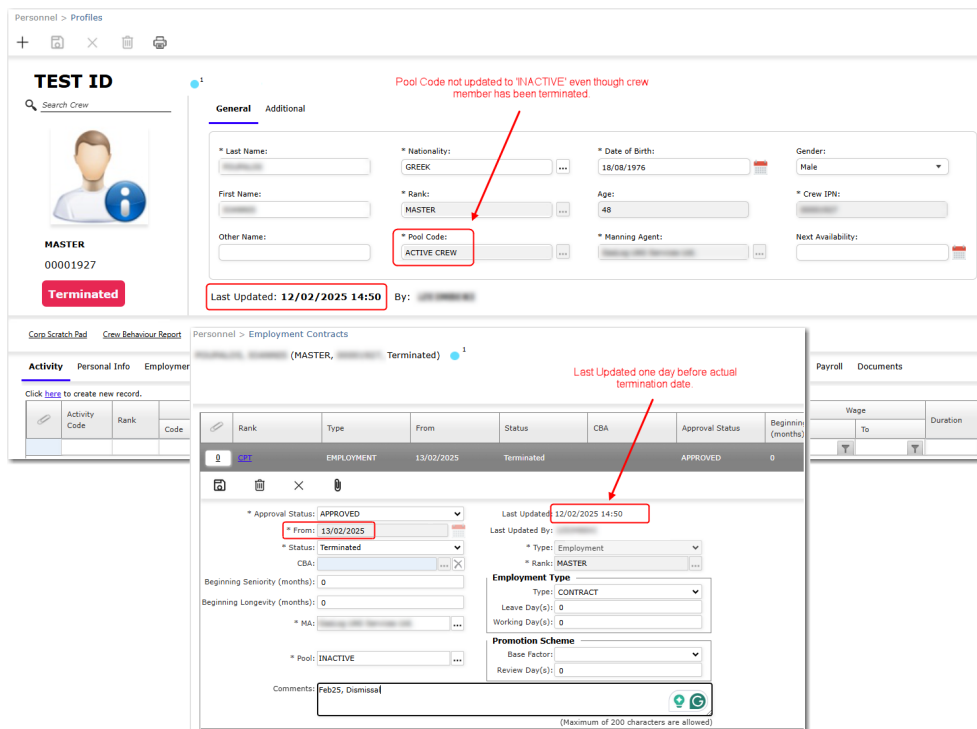

1. Planning

- ❑ [84652] Resolved an issue when editing a crew on the **Planning Overview** screen where the crew rank was not editable as the **Assigned Rank** field was disabled.

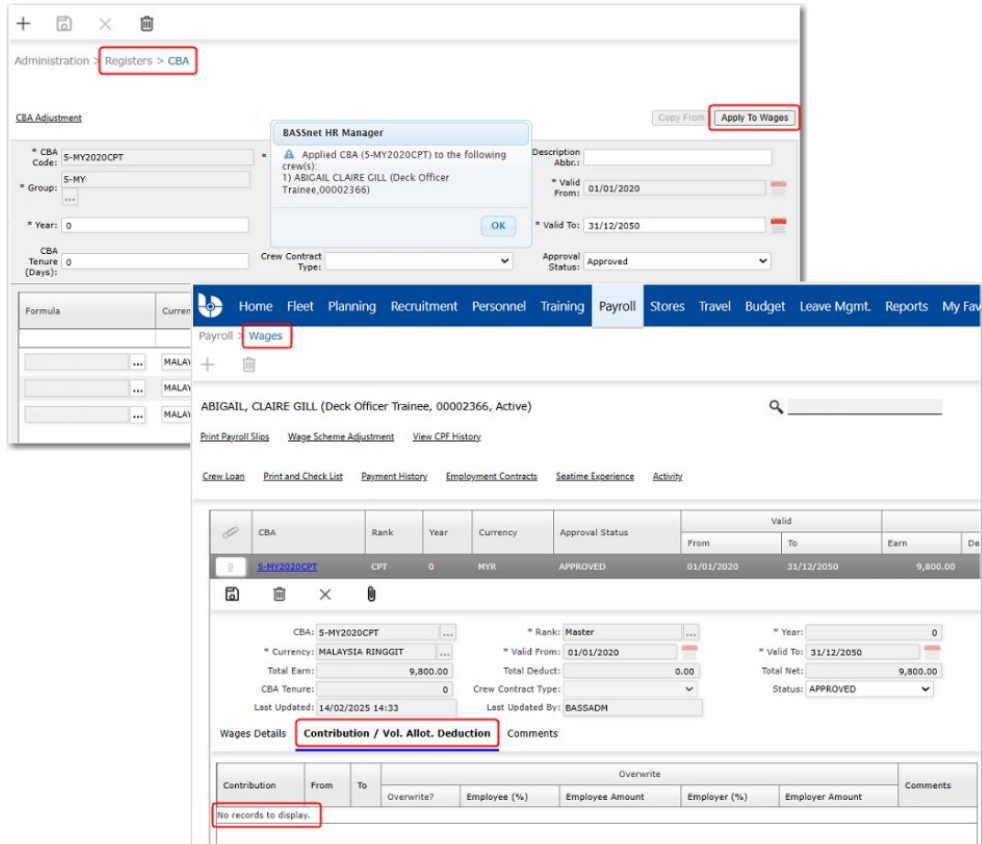

2. Personnel

- ❑ [84846] Resolved an issue on the Crew Profile where the 'ACTIVE CREW' pool code did not update to 'INACTIVE' when a crew member's last employment date was updated before the actual last date on the **Employment Contracts** screen.

- ❑ [84590] Resolved an issue where CBAs assigned to a crew member did not display as contributions under the **Wages** screen – **Contribution / Vol. Allot. Deduction** tab if the CBAs were assigned from the **Employment Contracts** screen or when using the CBA register – '**Apply to Wages**' function.

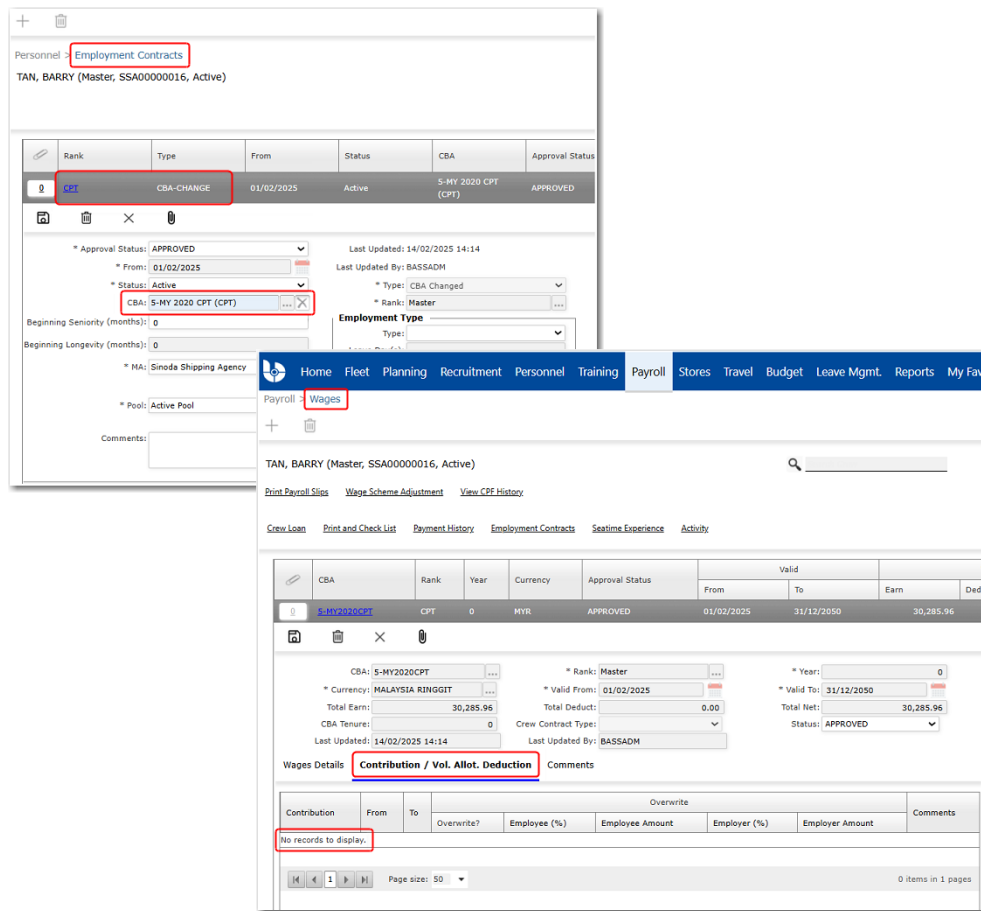

Note: Assigning CBAs directly from the **Wages** screen did not cause this issue.

The screenshot shows the BASSnet HR Manager interface. At the top, the 'Registers > CBA' path is highlighted. A modal window titled 'BASSnet HR Manager' is open, showing a message: 'Applied CBA (S-MY2020CPT) to the following crew(s): 1) ABIGAIL CLAIRE GILL (Deck Officer Trainee, 00002366)'. The 'Apply to Wages' button is highlighted. Below the modal, the 'Wages' screen is visible, showing the crew member 'ABIGAIL, CLAIRE GILL (Deck Officer Trainee, 00002366, Active)'. The 'Contribution / Vol. Allot. Deduction' tab is selected, and the 'No records to display' message is highlighted.

3. Payroll

- ❑ [84688] Resolved an error with the DNB Payment File (generated from the **Export Payment Files** screen) that prevented it from being verified by the DNB Bank validator.

4. Travel

- ❑ [84422] The validation message on the **Travel Request** screen that appears when splitting crew that are 'In Progress' status has been enhanced to provide more clarity.

The screenshot displays the 'Travel > Travel Request' interface. At the top, there are fields for Request Number, Revision (1), Request Type (Sign On), Status, Description, and Comments. Below these are fields for Due Date (01.04.2025), Due Time, Urgent (checkbox), Account Code, Cost Center, and Cost Unit. A 'Travellers' section on the left shows two entries, each with a checkbox and a small icon. On the right, a table lists travellers with columns for Name, Rank, and Departure Date. A red box highlights a validation message from 'BASSnet HR Manager' that states: 'Splitting is allowed only when the travel's status is OPEN.' with an 'OK' button.
