This release addresses the following issues:

This release note describes the system corrections (as reported by Customers) and new enhancements, if any, made in BASSnet 2.10 carried out in the Hotfix 3-205 patch released on 8th March 2024.

Changes/fixes have been implemented in the following modules:

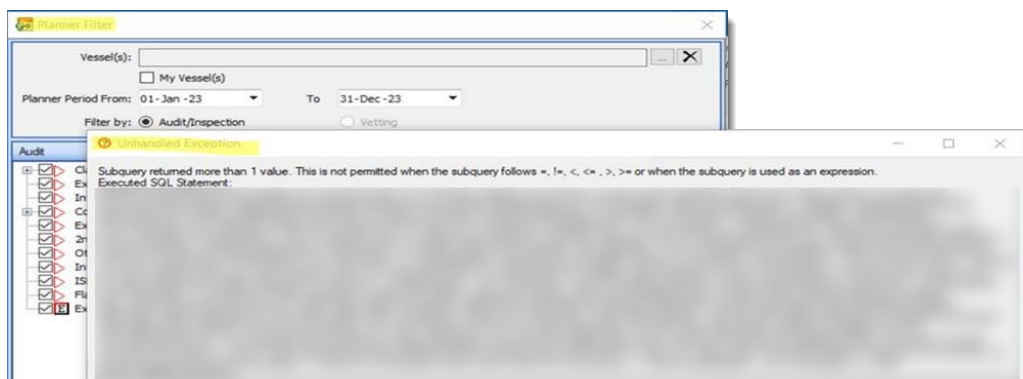

[SAFIR](#)

[Operations](#)

Recent Changes

1. SAFIR

- ❑ [80342] Fixed an issue where the system generated duplicate SYS_CODE when there were existing predefined code structures in the Register Setup. This caused an error to appear when generating the Planner results from the Planner Filter.

2. Operations

- ❑ [80805] Resolved an issue on the **Fleet Compliance** screen where users were unable to open the Work & Rest Hours NC (Non-Compliance) record for certain vessels when double-clicking the flag icon.

Fleet Compliance
