2. Fleet

[84077] Resolved an issue when generating the List of Crew on the Alcohol Test screen where the system did not include crew members with certain statuses. The system will now generate the list by searching for crew members where the search date falls between their activity start and end dates.

3. Personnel

[83951] Resolved an issue when performing evaluation where the system used the number format of the Evaluator's regional browser language to display the Average Score value. This resulted in formatting errors and the average score exceeding the allowed maximum value.

4. Payroll

- □ [83929] Resolved an issue on the **Batch Entry Payroll Data** screen where the system used the incorrect OT Rate for the 'Double Bottom' OT Type.
- □ [83930] Resolved an issue on the **Batch Entry Payroll Data** screen where the ROE incorrectly changed to 1 after updating the OT Hours.

Also fixed an issue where the system displayed incorrect OT Type and ROE values on the **Excess OT** screen.

□ [83943] Fixed an issue when generating SAP Integration payment files where the file path displayed in the successful message prompt was missing forward slashes (/).
